

Dear Parent/Carer

Over the past two weeks, OSCA has been beaming with positivity as the academy has been very busy which has been great to see. There has been so much going on, and it has truly been wonderful to be a part of Team OSCA.

We'd like to thank everyone who attended our open evening. It was a great evening as we opened our doors to welcome prospective students and their families to explore OSCA and see what we have to offer. It was great to see our school so busy, as visitors walked through each department and spoke to our teachers. We hope everyone had an amazing time, and we are already so excited for our future students to join us next September.

This week also saw the official grand opening of our brand-new space, OSCA Connect. The team welcomed visitors as they spoke about what this new and improved facility will mean for OSCA, and how it will help all of our students. It was a great event, which allowed visitors to explore the space and see how transformative it will be for our students. Thank you to everyone who has been involved in OSCA Connect, and we hope our visitors had a great time!

Today, we invited our Year 11 students to 'dress to impress' as they were able to speak to various colleges, sixth forms and apprenticeship providers about life after OSCA. This was a brilliant opportunity for students to explore their options, as well as have a practice interview with industry professionals. All of our Year 11's were able to experience this, which we hope will help them when it comes to college/work interviews in the future. We had some amazing feedback from the interviewers – well done to everyone involved!

As you will know, earlier in the week one of our students was involved in an accident on the Birmingham New Road. We are extremely relieved that the student is completely fine, but could we please take this opportunity to remind you of the importance of road safety. When crossing the Birmingham New Road, it is of the upmost importance that students always use the crossings or bridge.

We can't wait to see what the next few weeks bring here at OSCA.

Kind Regards,

Mr P McKinniss
